#### Clean Up Program Started

Newton's "Spring cleanup program" has started, Mayor Donald L. Gibbs announced today.

This annual event consists of removing the winter accumulation of litter, debris, etc., from the streets and catch basins This program is in addition to the work of the regular crews who work during the year at shopping centers and their immediate vicin-

ty.
The first round, sweeping of the streets in Newton, is a heavy one, stated the Mayor. It involves the removal of sand which is used on snow and ice as well as other debris. This "clean-up" program takes

reasonable, A \$10 raise is justifiable only on the ground of governmental convenience and in our opinion it is unneces sary and excessive,

"Moreover the Taxpayers' Association last month furnished a 'Physical and Financial Framework' program to the city which calls for a 60 Top Tax Policy — a \$60 top tax rate, plus a top 60 percent of market average valuation, for 1960 and through the first six years of the 1960's.

"We believe the Framework Program offers a solid opportunity to the city, and while Newton officials and the public have not yet had time to become thoroughly acquainted with it, holding the tax limit to what is actually needed now will provide both the chance and the incentive for more considered and definite action next year."

#### **Newton Cleans Up**

Mayor Donald L. Gibbs has officially launched the annual Spring Clean Up campaign in Newton. City forces will get to work on the streets and whisk them into spic-and-span cleanliness; home owners and housewives are asked to jump on the Clean Up bandwagon and spruce-up after the long Winter months.

Rubbish and waste accumulated since last Fall should go; in fact, this is an excellent time to give active consideration to any re-decorating or renovating planned for the home, inside or out.

The records show that making things spic and span in the Spring has become an American tradition.

It was nearly a half-century ago that the first organized community campaigns for Spring Clean - Up were conducted in the Middle West. Their original purpose was to rid homes and yards of litter, but many also undertook programs of fire prevention education and home and community beautification.

of Newton High School presented "The Gondollers" last versity, Mike Silverstein at

Focal points of the Clean-Up were cellars, attics, backyards, vacant lots, alleys, streets, and parks.

Some communities in fact were so pleased with the Spring Clean-Up results that they made civic neatness a continuing year-round campaign.

Homeowners are reminded by Fire Chief Frederick A. Perkins, Jr., that throwing out waste and rubbish not only makes a home more attractive but also contributes to home fire safety.

Fires last year in the United States caused property damage of over \$1 billion dollars and snuffed out over 11,000 lives. And since 1954, close to 300,000 homes have been struck by fire every year. With pencil and paper, this figures to approximately 830 fires

Spring Clean-Up Week provides an opportunity for householders to throw out combustible trash on which fires can feed and which create an unsightly appear-

the producers of CHS-TV's "Tight-rope", Clarence Green and Russell Rouse.

For authentierty in the scripts for the underworld-background series, Green and Rouse did research on the language by talking to prisoners, parolees and police officers of six states. What they came up with is illustrated vividly above. It translates into English like this: "Ah, some beautiful-girl-with-expensive-tastes (mink) was driving him crazy (bugsins him) because he had no money (was empty), so he tried to rob (dump) satore. He used a sun (layed iron) on the man, tried to get away (cop a duffy), and the police (fuzz) grabbed him and put him in the Los Angeles City Jall (the glass house)." Any questions? If there are questions in your home about when you're soins to discard that old-fashloned, small screen TV for a new set, why not answer them with a brand-new, big screen Magnarox. At Lee Loumos, Inc., we are proud to feature this line with its modern electronic ensineering and beautiful decorator cabinets. For quality and dependability Manavox is tops. Where You Save DOES Make a Difference

Many people inch along through life, walking a financial tightrope, hoping they can keep their balance, trusting to luck they'll never have an emergency.

Most of these folks could get their feet on solid ground if they'd get the habit of putting part of their income, no matter how small, but regularly, in Watertown Federal Savings.

It doesn't take long to accumulate a substantial reserve which will at least put a net under you, until you get to real safety.

# ...OR IS THERE?

**Leukemia** now gives its young victims only months of life. But there is hope for those with this form of cancer. That hope is research.

Research has already extended the lives of many leukemia patients by months and even years. Research alone can find a way to stop the destruction of blood-forming tissues once it has mysteriously begun. And every day that a leukemia patient lives allows science one more day to find a cure — or even a new way to extend his life a little longer.

Leukemia is just one form of cancer. There are many others and for all of them the major hope of conquest lies in research. To help realize this hope, the American Cancer Society supports a vast national program of cancer research to which it has already allocated more than 76 million dollars in the last 14 years. Your contributions have already brought significant progress in the cancer fight. More gains lie ahead.

The research attack on cancer is the greatest, the costliest single undertaking

in medical history. If it is to continue and to accelerate, you support is essential. You can help find the way out for cancer's victims by contributing to the American Cancer Society's Crusade. Send your check today to your Unit of the

THAYER ACADEMY

BRAINTREE, MASSACHUSETTS

A NUMBER OF SCHOLARSHIPS

The Trustees of Thayer Academy desire to inform students and parents that examinations for regular and special scholarships will be held at the Academy on Saturday morning, April 9, 1960, at 8:45.

These scholarships are awarded annually on the basis of school records, recommendations, and the Competitive Examination results.

Candidates' recommendations from school officials, and test scores are considered for evidence of academic promise and strength of character. Financial need is an important factor in determining the awards.

Successful candidates are allowed to hold scholar-ships throughout the school course, provided an average B record and outstanding citizenship are maintained

each year. The students' records are reviewed at the close of each semester.

for a leading college, university, scientific institution, the United States Military Academy, the United States Naval Academy, the Coast Guard Academy, the Maritime Academy, the United States Air Force Academy or a special training school are encouraged to take these scholarship examinations.

The Academy will obtain transcripts of school records and personal references upon registration for the examinations. Candidates should register at the earliest possible date to facilitate the processing of credentials.

REGISTRATION

Entrance and Scholarship examinations will be given at the same time.

All candidates should notify the Headmaster of their intention to take the examinations before 3:00 o'clock on Thursday, April 7, by letter accompanied by the examination fee of two dollars. Results will be available upon request to those who take the examinations.

Trustees of Thayer Academy Dr. Gordon O. Thayer, Headmaster

LAND COURT

Middlesex, ss.

To the Honorable the Judges of the Land Court for the Commonwealth of Massachusetts.
Respectfully represents WILLIAM R. STEVENSON of Newton, in the County of Middlesex and said Commonwealth; that he is the owner of a certain lot of land situate in Newton, in the County of Middlesex and said Commonwealth, bounded and described as follows; Southerly by High Street one hundred (100) feet; Westerly by Lot numbered 13 on a plan hereinafter mentioned, one hundred (100) feet; Northerly by lots numbered 22, 23, 24 and 25 as shown on said plan, one hundred (100) feet; Sasterly by lot numbered 8 as shown on said plan, one hundred (100) feet.
Containing ten thousand (10,000) square feet of land and being the premises shown as Lots numbered 9, 10, 11, and 12 in Block numbered 2 on High Street, on a plan entitled "Plan of Lots at Newton Highlands", owned by M. C. Meagher, drawn by C. Atherton Hick, C. E. June, 1893 and recorded with Middlesex South Deeds Plan Book 86, Plan 38.

That the record title to said lot of land is clouded by a mortgage given by Leslie E. Menns and Mildred I. Menns, to Alice S. Mack dated October 9, 1926, and duly recorded Book 5029, Page 199, purporting to secure a note for \$500, payable in monthly payments of ten dollars (\$10.) until the full amount has been paid with interest semi-annually at the rate of five per centum per annum, which mortgage appears to be undischarged, unassigned and unfore-closed on and by the record.

That for more than twenty years after the expiration of the time limited for the full performance of said condition no payment has been made and no other act done in recognition of said mortgage; and

That the mortgagors named in said mortgage appears to be undischarged, unassigned and unfore-closed on and by the record.

That for more than twenty years after the expiration of said mortgage in the full performance of the condition thereof.

On Nuclear Tests

Editor Newton Graphic

Dear Sir:

Apropos the current negotiations at Geneva between the U.S.A., U.S.S.R. and Great Harr. Britain for the cessation of nuclean. clear tests, some light may be cast on the prospects for agreement by the following facts:

In December, 1959 twelve nations signed a treaty regarding the status of the Antarctica, among them the U.S.A., U.S.S.R. and Great Brittain.

Among the provisions of his treaty are: 1. The Antarctica is to be

pened to peaceful, scientific exploration by all. 2 Military operations are

barred. 3. The world's first ban on nuclear testing has been

agreed upon for the Antarctica and a novel observer-inspection system is provided. This treaty has already been hailed as a monument to

American diplomacy. Let us hope that the same skill and patience will be used at Geneva to make the nuclear test ban permanent and universal.

Very truly yours, Jerome Grossman Waban, Mass.

#### Ward 5 GOP Committee

The Newton Ward 5 Republican Committee met last week to discuss plans for the April 26 Presidential Primary. The committee set May 11 as the date on which it will choose seven of its members as delegates to the Worcester Convention on June 11.

Attorney George Michaels, of Precinct 1, spoke in behalf of his candidacy for nomina-tion to the office of Attorney-General. He served as an assistant attorney-general under the late George Fingold.

Other members of the ward committee and GOP Ward 5 residents are giving of their ime and energy to the Republican State Finance campaign. They are: Alexander Welch, Richard D. Henkels, Dr. Har-rison E. Kennard, Clark W. Fisher, Edward C. Uehlein, Mrs. David M. Schulman, and George J. Elbaum for advarced gifts.

#### Movie Night Aids Seniors Scholarship

The Newton Simmons Club will present a "Night At The Movies" program, to increase its scholarship fund for Newton High seniors, on Wednes-day, April 20, 8:00 P.M., at Meadowbrook Junior High School Auditorium.

Tickets may be obtained by phoning either of the co-chairmen, Mrs. George Roberts (LA 7-5605) or Mrs. Chappie Arnold (LA 7-6645), or they may be purchased at the door. Mrs. David Shrier and Mrs. Murray Sholkin are assisting with the planning.

#### Hold Passover-(Continued from Page 1)

The family custom includes reading from the Haggadah. Here the youngest in the family asks why this night is different from other nights.

The question is answered by the oldest in the family. It recounts the miracles of Moses, the plagues inflicted in Egypt and the "passing over" of Jewish homes by the Angel of Death as he smote the first-born son of each Egyptian household, the flight from the Pharaoh's soldiers and the successful exodus from Egypt. The Passover holiday carries traditional overtones of a yearning by Jews to return to their homeland. But this is tempered in recent years with an element of rejoicing in Israel, the land which many Jews see as their national

Women's Clubs and many freelance volunteers were honored at a "Thank-You Tea" held by the Newton Tuberculosis Association to show appreciation for outstanding work in con-nection with the anual Christmas Seal Drive and other activities of the organization. Seventy-five volunteer workers were present at the tea held recently at the First Unitarian Society of Newton.

Mr. J. Ellis Bowen, president of the Newton Association, told the guests that the 1959-60 Christmas Seal Campaign, which officially closed on March 31st, reached a total of \$19,004.66. This is \$468 more than in 1958 and \$795 more than in the 1957 campaign. Mr. Bowen went on to say that the few extra dollars spell added service in tuberculosis

"You ladies have made this good news possible by a contribution in the aggregate of 24131/2 hours. I have analyzed this figure and find that, based upon a 40 hour

a total of 601/2 weeks. This equivalent of worker for one year and two months at no salary expense," Mr. 3owen added. Special Certificates of Merit

with pictures of their displays were given to the four winners of the 1959 Window Display Contest. Gleason's Flowers and The Clapper Co., who dressed their own windows, and Halewood's Pharmacy and the Anthony Davis Hair Stylist whose windows were deco-rated by the volunteers from the Community Service Club of West Newton, received the public spirit by the association.

Gold double-barred cross pins and Certificates of Merit were awarded to Miss Fanny Garrison, of the Community Service Club of West Newton who gave 154 hours of cheerful and helpful service, Mrs. Fred H. #### Memorial Fund **Honors Former** Church Trustee

Memorial Fund" has been es tablished by the trustees of the Newton Methodist Church. The fund honors George R.

Strandberg, who had been a trustee, member of the official board, of the choir, and who had served on many com mittees and commissions of the church.

It was announced that a large number of unsolicited gifts had come to the office of the church, at 30 Wesley street, and became the basis of the fund.

The trustees, who elected Alderman Paul S. Rich as their president, stated that no com paign would be conducted to raise money for the fund, but gifts sent in would be placed in the "Debt Liquidation Fund" a project close to the heart of Mr. Strandberg.

#### Churches To Join In Holy Week Rituals

Traditional Maundy Thurs day services of Holy Communion will be held tonight at 7:30 in the sanctuary of the Newton Methodist Church, Centre and Wesley streets. Newly received members of the church will be invited to the first table of the "Lord's Supper

The church will join with the Eliot Church and First United Presbyterian Church of Newton in a three-hour Good Fri day service at Grace Church, Newton Corner, from 12 noon to 3 o'clock tomorrow.

# ...OR IS THERE?

**Leukemia** now gives its young victims only months of life. But there is hope for those with this form of cancer. That hope is research.

Research has already extended the lives of many leukemia patients by months and even years. Research alone can find a way to stop the destruction of blood-forming tissues once it has mysteriously begun. And every day that a leukemia patient lives allows science one more day to find a cure — or even a new way to extend his life a little longer.

Leukemia is just one form of cancer. There are many others and for all of them the major hope of conquest lies in research. To help realize this hope, the American Cancer Society supports a vast national program of cancer research to which it has already allocated more than 76 million dollars in the last 14 years. Your contributions have already brought significant progress in the cancer fight. More gains lie ahead.

The research attack on cancer is the greatest, the costliest single undertaking

in medical history. If it is to continue and to accelerate, your support is essential. You can help find the way out for cancer's victims by contributing to the American Cancer Society's Crusade. Send your check today to your Unit of the

Would Kennedy then walk out before the convention and struggle would have on the refuse to accept the nomination? Perhaps he might, but it's rather unlikely.

New York and Humphrey in West Virginia on May 10.

Governor Furcolo, in answer to questions by newsmen, said Virginia looms as a less that his own decision on what javorable testing ground for office he will seek will not be influenced by the progress Kennedy is making in his drive for the Presidential nomina-

Furcolo went on to repeat what he has said before, that he would prefer to stand for a seat in the U.S. Senate but that he might run for reelection if his programs aren't progress-

ing satisfactorily.

If Furcolo really meant that latter statement, he'd be preparing now for a third run for the Governorship, although there's still a good possibility that he will be able to obtain of strength with Kennedy even passage of his highway construction program.

#### Wisconsin Returns Cause No Joy Here

Democratic politicians Massachusetts, who hope to ride into office on Senator Kennedy's coattails next Nov-ember, didn't find last week's Presidential Primary returns from Wisconsin as reassuring as they hoped they would be.

Senator Kennedy won a decisive victory over Senator Humphrey and won it in a state which borders Humphrey's home state of Minnesota.

But it wasn't a spectacular victory, although it fell just short of being one. It wasn't as big a triumph as Kennedy was expected to achieve. Neither was it the kind of showing that would start any stampede to Kennedy's bandwagon.

Perhaps Kennedy was the victim of an advance buildup which predicted that he would score a bigger victory than could reasonably be expected. Perhaps Humphrey was underestimated in many parts of the country since he is not conceded even an outside chance of gaining the Presidential nomination.

Nevertheless, the fact remains that the general reaction of most shrewd Bay State Democratic politicians was one of dissapointment not of jubila-

They wondered what psychological effect, if any, the

favorable testing ground for Kennedy than did Wisconsin. It may also, of course be less favorable for Humphrey who made his strongest showing in the sections which run along

Ironically, if Adlai Steven son, Lyndon Johnson or Stuart Symington had made the same showing in Wisconsin as did Kennedy, it probably would have been acclaimed as a tremendous achievement and spectacular victory.

the Minnesota border.

The plain truth is that Johnson and Symington don't have the courage to engage in a test in a state such as West Virginia where Johnson or Symington should have a definite geographic advantage over a North-

ern Democrat. The reason for the cautious Jan. 9. dent and that Kennedy must demonstrate enough vote-pulling power to force them to accept him as their candidate.

West Virginia, 30th state in the nation in population and ordinativ of minor political consequence, now looms as a very important battleground. The eves of the nation will be on the Mountain State as the people there go to the polls

BETTY RICHARDSON Applications Are Heavy For

Miss Betty Richardson, executive director of the Newton Gir! Scout Council, has been appointed to again serve as director of Camp Wabasso, the scout overnight camp at mittee. The camp is open to of DePauw University in 1909, outstanding alumni were class of 1930, at Northeast-all registered Girl Scouts in M.I.T. in 1911, and Harvard also honored, prior to an adern's College of Engineering.

Applications have already been received from Girl Scouts from Weston, Winthrop, Belmont. Natick and other Greater Boston communities, and from New York and New Hampshire.

Miss Richardson advised those local Scouts who have not sent in their applications to do so at once because of the many requests from outof-town girls. They are urged to contact the Newton Girl Scout office at BI 4-3050, as soon as possible.

### **Menard Named** To Key Post In Camp Drive Arthur M. Menard, 47 White

Pine road, has been appointed as general vice-chairman of the Boy Scout Camp Development Fund Campaign of the Norumbega Council, David C. Hoover, general chairman announced today.

Mr. Menard, regional attorney for the United States Health Education and Welfare, has served Scouting since 1950 as chairman of troop committee and an institutional representative on the executive board of Norumbega Council since 1952, and is chairman of Norumbega Council Explorers committee, vice president of Council in 1955 and president of the Council 1956.

The Boy Scout Camp will be built on a 2,000 acre reser-

vation, near Gilmanton, N.H. There will be ample room for hiking, camp-outs, nature study, swimming, boating, and

There will be constructed on this site a central lodge and dining hall to accommodate 300 Boy Scouts at a time, a full time ranger's cabin, camp director's cabin, cottages for camp staff, a cook's cottage, a health lodge, central shower and laundry, swimming dock, boat dock and boat house, a complete sanitary and water system, fire and safety station fully equipped, storage facilities for camp equipment and maintenance, ten camp sites, and a chapel of all faiths.

The Norumbega Council is one of the few councils in the nation that does not have a camp of its own. For several years past the Council has been renting Camp Quina-poxet of the Cambridge Council, under a limit attendance. The new camp will offer, not just a summer camping opportunity, but a year-round camp for week-end camp-outs, hik-ing trips and winter sports.

TELE-VIEWING

One of the most quoted cracker-barrel philosophers on TV is the "pappy" of the Maverick brothers, Beauregard Maverick. On almost every episode of the popular ABC-TV "Maverick" series, one or the other of the Maverick brothers, Bret (James Garner) or Bart (Jack Kelly), dispenses a sample of the unique brand of philosophy they learned at pappy's knee. And in almost every case the fatherly advice seems to tend more toward the "practical" side of life than the idealistic.

Take for example Pappy's theo-

the idealistic.

Take for example Pappy's theories on sunfishting: "Son, it's not how fast you draw that counts, but what you draw when you draw." And further: "If all the men who lived by the gun were laid end to end . . I wouldn't be surprised." Beauregard also advises his sons on fair-play: "Son, it isn't how you play the game . . . It's whether you win or lose." .. it's whether you win or lose."

And Pappy Beau's views on success? "If at first you don't success?" with this sort of background, it's mot hard to see why the brothers Maverick are among the less heroic "heroes" on TV.. and why, with this sort of off-beat humor, the "Maverick" series is one of the top-rated shows on TV. And it's not hard to see why Lee Loumos, Inc. is the place to buy that next TV set. Not only do we feature Magnavox, G.E., RCA Victor, Sylvania and Zenith TV sets, all famous for quality and dependability in TV, but just as important, we provide expert after-the-sale service. Buy your next TV set from the store that features sales PLUS service.

#### Newton Soph Is New Notre Dame Hurler

Notre Dame baseball coach Jake Kline wears a smug smile these days because he has come up with an unexpected starting pitcher in sopnomore Jim Fitzpatrick, a righthander from Newton.

Fitzpatrick took over from starter Jim Hannon, a senior from Jersy City, in the second inning of the game against Indiana University at Notre

Dame, Ind., recently.

Jim got the first hitter to pop up to the infield and fanned the second batter he faced on three pitches. In the remaining seven innings he was on the mound, Fitzpatrick gave up two runs and six hits while fanning five more batters and walking two. Irish went on to win 10 to 7

The plans include construction of one three-story building, two two-story buildings, and one one-story building, Mr.
Davin said. The structures
would be of brick and glass.
Fifteen acres of land
would be covered by the
buildings with 45 additional

acres for parking and other uses; thus more than 50 per-cent of the site would be left in its natural state.

The company would con-struct its own road so there would be no need for capital outlay by the city, it was explained.

As a buffer, the company omitted about three acres of land adjoining the Oak Hill Park Veterans' development, from their request for a change of zone and is willing to deed that portion to the city for public use, Mr. Davin said.

A chart, prepared by City Planning Consultant Charles E. Downe, shows that the city would receive \$457,000 a year in taxes at the present rate, when the project is completed. The city would spend about \$98,000 for improving Nahanton St., and

for a new fire station. Henry Lehne, senior vice president of Sylvania and general manager of Sylvania Electronics Systems, a major division of the company, said New ton was selected as the desir-ed site by the division's Needham following investiga-tion of numerous potential sites both within and outside

Massachusetts. Favorable action by the City of Newton on Sylvania peti tion for re-zoning, filed April 14, is necessary before the planned program can be carried out.

#### No Sticker For Driver

It's that time of year again when the family car must report to the nearest garage and inspection sta-tion to have its vital parts checked preparatory to another six months of gruelling competition on the roaring highways and jammed city arteries.

Blue will be worn this spring, that is on the little sticker glued to the car's windshield.

Rightfully, Registrar Riley and his efficient force of safety-minded employees emphasize the necessity for the six months checkup of Bay State automobiles.

Unfortunately, however, mechanically perfect the machine may be, the same human will be at the controls and he, or she, hasn't faced any checkup-mentally, physically or psychologically.

Be that human, male or female, a sensible in-dividual with brains between the ears, the car checkup spells safety on the highway. But, if the creature at the controls is a nut-cake, carrying around a vacuum in its head, then the checkup to the automobile is often so much wasted effort and the blue sticker a farce and a shield behind which death and destruction ride the ways.

Nut-cakes provide a huge segment of the autodriving population in this Commonwealth as any constant driver has long since observed. Despite excellent police supervision, speeders roll merrily along, hurtling their metal juggernauts blithly past conspicuous speed

Our neighboring Route 128 is a vivid case in point. Too many cars cruising this circumferential highway are driving at speeds in excess of the posted limits. Injuries and fatalities credited to this highway and the countless tire-skid marks ground into the pavement along the length of the road shout of the racing tempo of heedless drivers.

The nut-cakes have a field day on Route 128; some of them take off directly into eternity, often taking innocent motorists along with them. Were the police as numerous as mosquitoes in summer and the cruising patrol cars numbered as the stars, still the nut-cakes would find a way, for they are truly as potent as love, or death.

But, the inspection of cars does provide some measure of safety and is essential in this hectic age. True, the driver doesn't wear a sticker; it's still his decision whether he wears a shroud.

# ... OR IS THERE?

**Leukemia** now gives its young victims only months of life. But there is hope for those with this form of cancer. That hope is research.

Research has already extended the lives of many leukemia patients by months and even years. Research alone can find a way to stop the destruction of blood-forming tissues once it has mysteriously begun. And every day that a leukemia patient lives allows science one more day to find a cure — or even a new way to extend his life a little longer.

Leukemia is just one form of cancer. There are many others and for all of them the major hope of conquest lies in research. To help realize this hope, the American Cancer Society supports a vast national program of cancer research to which it has already allocated more than 76 million dollars in the last 14 years. Your contributions have already brought significant progress in the cancer fight. More gains lie ahead.

The research attack on cancer is the greatest, the costliest single undertaking

in medical history. If it is to continue and to accelerate, your support is essential. You can help find the way out for cancer's victims by contributing to the American Cancer Society's Crusade. Send your check today to your Unit of the

His one goal in life was to make as many people as possible happy.

Finally, he found a way to make lots and lots of people happy by—of all things—getting married! His bride was a very popular girl who had thousands of friends and relatives—(well, not quite a thousand, approximately 150).

The wedding reception held at the Charterhouse to accommodate "thousands" of relatives and friends was quite a wingding. Not only did this merry group have a wonderful time—but they soon discovered that the Charterhouse was a quiet "get-away-from-it-all" weekend.

So, with just one simple "I do", Melvin brought joy to many, many people. That's the way to spread happiness at your own wedding reception at:

Frederic Tillotson will conduct the Bowdoin group with Ronald Cole, '61, as accompanist, and James H. Remley will lead the Lasell 200-voice choral group with Frank C. Taylor II as accompanist.

The eight local girls who are members of the Orphean Society at Lasell and sing at the concert are Sallie Flowers, Eloise Janis, Elaine Oetinger, Nancy Pickett, Margaret Rapp, Lucinda Rowland, Emily Ruane and Pamela Smith.

Lt. Corcoran Promoted To Police Capt.

Newton Police Chief Philip Purcell has announced the promotion of Lt. James W. Cor coran to Captain and he will continue as head of the Traffic Bureau, a post he held since September, 1958. Capt. Corcoran has been a member of the Newton Police Depart-

ment for 31 years. Captain Corcoran was born in Weston. He is married to the former Anna E. Kiley and they have three children and two grandchildren. Their children are Sister Ann Felicitas of the Order of Notre Dame a teacher in New Haven Conn., and James W. Jr., city employee, who attends Boston University, and Mrs. Patricia Ard, both of West

**Newton Girl Is** College Student At Mexico City

MEXICO CITY, April 20 (Special to the Graphic), Wendy Carol Richmond, of Newton, is at present in Mexico City, home of pyramids and palaces, flowers and fountains, industry and Indian culture.

She is studying at Mexico City College, which is also the home of close to a thousand American students and is a member of the Southern Association of U.S. Colleges. All classes are taught in English at this liberal arts college south of the border. Miss Richmond, who is the

daughter of Mr. and Mrs. Edward Richmond of 47 Kenmore street, Newton, is a graduate of Newton High School. She later attended the University of Massachusetts in Amherst before going to Mexico City College to study.

Red Cross volunteers from he Metropolitan Boston Chapter performed more than 75 separate services last year.

#### Savings Bank Holds Meeting

West Newton

At the seventy-third annual meeting of the West Newton Savings Bank held recently, James P. Burke M. D. and Robert N. Elwell were elected Corporators. Botn men are residents of Wayland.

President Kenneth W. Rogers reported total assests increased to 29,000,000 and deposits in excess of \$25,400,000. The outstanding growth of the West Newton Savings Bank has carried through three major phases. In 1915, the institution moved into its own building; in 1935 the original quarters were approximately doubled; and now, in 1960, the bank is nearing the completion of extensive remodelling which will nearly triple the size of the first building. Customer parking area in the rear has been expanded for greater customer convenience

The addition program features a special parking entrance in the rear, 13 tellers' stations, interviewing and sec-retarial area more than doubled in size to provide extra privacy for customer consultations, more space for the ac counting department as well as increased and improved safe deposit facilities.

A large second floor area has been provided for future use. Reelected for a three-year term were the following trustes: Ernest G. Angevine, William H. Best, Hon. Donald L. Gibbs, Mayor of Newton; John W. Kellar, Richard Wengren and William A. Waldron. Other members of the board of trustees are Roland F. Gammons, Charles J. A. Wilson, Benjamin J. Bowen, William F. Chase, George H. Fernald, Maxwell P. Gaddis, Kenneth W. Rogers, Archibald G. Barron, Nathan D. Bugbee, Raymond P. Atwood and Cornelius Maguire.

Poor Start The Newton High School Newton Lower Falls, baseball team started off with the left boot in the water bucket and after six games had one win, two losses and three ties.

Two of these were Suburban League games. Last Tuesday in the League season opener Cambridge Latin, the defend ing champions, beat the Tigers 3 to 1 behind the three-hit pitching of Walter McGinnity And last Thursday, Water-town and Newton played a 5-5 tie at Victory Field in a game which saw both teams employ

four pitchers. Newton and Norwood pried open the area schoolboy sea-son on April 6, and Newton flashed a 10-hit attack to win 7 to 3 at Newton High Field. Co-Capt. Dave Connor led the attack with a triple and a single,

The next day, Medford ral-lied to gain a 4 to 4 deadlock with Newton in a game called in the eighth inning because of darkness. It was the second time in the last four years that the two teams battled to a stalemate.
Then on Saturday, April 9,

Newton rallied for two runs in the last of the eighth inning to gain a 9 to 9 tie with Revere high in a non-league game, for the second Tigers tie game played in three days

The two league games fol lowed, in which Newton suf-fered one loss and counted its third tie. On Saturday Andover came from behind to chalk up an 8 to 7 win in the 10th inning over Newton in an band leaves two daughters, Mrs. Richard H. Witherell of Wrentham and Mrs. David 0 0 0

JOHN V. HARVEY, (G) ap7-14-21 Register

Gommonwealth of Massachusetts

Land Court for the Judges of the Land Court for the Judges of the Land Court for the Commonwealth of Massachusetts.

To the Honorable the Judges of the Land Court for the Commonwealth of Massachusetts.

Respectfully represents WILLIAM R. STEVENSON of Newton, in the County of Middlesex and said Commonwealth that he is the owner of a certain lot of land situate in Newton, in the County of Middlesex and said Commonwealth, bounded and described as follows: Southerly by High Street one hundred (100) feet;
Westerly by Lot numbered 13 on a plan hereinafter mentioned, one hundred (100) feet;
Northerly by lots numbered 22, 22, 24 and 25 as shown on said plan, one hundred (100) feet;
Easterly by lot numbered 8 as shown on said plan, one hundred (100) feet.
Containing ten thousand (10,000) square feet of land and being the premises shown as Lots numbered 9, 10, 11, and 12 in Block numbered 2 on High Street, on a plan entitled "Plan of Lots at Newton Highlands", owned by M. C. Meagher, drawn by C. Atherton Hicks, C. E. June, 1893 and recorded with Middlesex South Deeds Plan Book 36, Plan 38.

That the record title to said lot of land is clouded by a mortgage given by Leslie E. Menns and Mildred I. Menns, to Alice S. Manck dated October 9, 1926, and duly recorded Book 5029, Page 199, purporting to secure a note for \$500., payable in monthly payments of ten dollars (\$10.) until the full amount has been paid with interest semi-annually at the rate of five per centum per annum, which mortgage appears to be undischarged, unassigned and unforeclosed on and by the record.

That the mortgagors named in said mortgage and mortgage; and
That the mortgagors named in radid mortgage and those claiming under them have been in uninter-

That the mortgagors named in

That the mortgagors named in said mortgage and those claiming under them have been in uninterrupted possession of said land for more than twenty years after the expiration of time limited in said mortgage for the full performance of the condition thereof.

WHEREFORE your petitioner prays that after appropriate notices a decree may be entered on the foregoing allegations as authorized by Section 15. Chapter 240 of the General Laws as amended by Chapter 20, of the Acts of 1921

WILLIAM R. STEVENSON.
On this lat day of March 1960, personally appeared before me the within named William R. Stevenson known to me to be the signer of the foregoing petition, and made oath, that the statements therein contained so far as made of his own knowledge are true and so far as made upon information and belief that he believe them to be true.

Before me,

true. Before me,

NO DOUBT

The buying of a home is probably the largest single purchase that any family makes in a lifetime, therefore, it is one about which there should be of no doubt, and very few unanswered questions when the deal is closed.

There's bound to be many questions of locations, satisfying f am il y needs, conveniences, transportation, schools, price, terms and many others. How to get them answered in the best manner? One good way is to consult a Realtor; they must prove themselves to get that title, and adhere to a code of ethics. #### Rep. George Rawson Seeks Re-Nomination

Representative George E. Rawson has announced his candidacy for renominattion to the seat in the Legislature from the Fourth Middlesex District in the Republican primary on Sept. 13. The dis-trict includes Wards 1, 2, 3

and 7 in Newton.

Mr. annd Mrs. Rawson for many years have resided at 22 Marlboro St., Newton. He graduated magna cum laude from Amherst College where he was a member of Phi Beta

Kappa.

He served on the Newton Board of Aldermen for nine years and has been a mem-ber of the House of Representatives since 1942. He has missed only one committee meeting and 15 out of the more than 2900 roll calls

since that time. Mr. Rawson has served as clerk and later as chairman of the Committee on Public Safety. In that capacity he was co-author of the revision of the building, safety and fire prevention laws following a study of the Cocoanut Grove tragedy. He also sponsored the Firearms and Dangerous Weapons Act of 1957 and the new Elevator Safety Act of

Rep. Rawson has sponsor-ed numerous acts for Newton, including the relocation of Route 128, the Newton Pension Act, the Newton Election Act, and the 1954 Ward Lines Act. He has fought to keep the turnpike from coming through Newton and has exhausted every possible legislative means to keep railroad commuting service to and from Boston.

Mr. Rawson was one of the organizers of the first Newton Community Chest campaign in 1932 and served the Chest, and later the Community Fund, in various capacities for 25 years. He also worked for Newton-Wellesley Hospital Building Fund. He is a director of Stone Institute and a sustaining member of the Newton Y.M.C.A. and Newton Boys' Club. He is a member of the Eliot Church of Newton. In 1959 he served as a chairman of its Committee on Church Support, and is now a member of its Prudential Com-

#### **GOOD NEWS!**

In connection with its April educational and fundraising Crusade, the American Cancer Society has announced that there are one million Americans alive today who have been cured of cancer. Twenty years ago, there were only 180,000.

But there is more to the story.
The Society considers "cured" only those alive and without evidence of the disease five years following diagnosis and treatment. By this standard, it is estimated that an additional 600,000 cancer patients diagnosed and treated within the last five years will live to enter the ranks of those cured. This means that today there are actually 1,600,000 men, women and children cured of cancer, although 600,000 will not formally be counted until five years from the time of treatment.

Twenty years ago, only one out of seven who developed cancer was saved. Ten years ago, it was one out of four. Today it is one out of three. It is estimated that 165,000 Americans will be saved from cancer this

This is good news, indeed. But, unfortunately, there also is bad news.

The dark side of the picture shows that 85,000 men, women, and children will die needlessly of cancer this year because their cancers will not be diagnosed in time and promptly treated. It is possible to save half of all those who develop cancer through early diagnosis and proper treatment.

But the good news in cancer control is not the result of accident. It has come about through cancer research and education. More and more men and women are having annual health checkups as the best possible protection against cancer at the urging of the American Cancer Society.

Let us cut down on the bad news and increase the good news by supporting the 1960 Crusade of the American Cancer Society. Guard your family-Fight Cancer With a Checkup and a Check!

The Republican or Democratic National Committee receives a payment of at least \$250,000 from the city in which its party's national convention will be held and, in turn, guarantees that the conclave will run a minimum of five days.

When a President is being renominated without opposition, as President Eisenhower was in 1956, it sometimes takes a good deal of imagination to stretch a convention out over five days.

However, the stage managers of the national political conventions are experienced and expert time wasters. Through years of practice they have become deft and skilled at doing in five days what easily could be accomplished in two.

The two national conventions also are televised across the nation, and the demonstrations for the Presidential candidates are part of the buildup to help generate public interest

### The Newton Graphic, Thurs., April 28, 1960 School In Summer

The Newton Junior College for the first time in its 14 years history will conduct a six-weeks summer school starting June 20 to be taught by department heads and two instructors. The college li-brary will be kept open during the session.

Courses to be given are

those required for the Associate degree in Arts or Science. The three or four degree credits earned by passing them are presumed to be as transferable to other colleges as any of the college's regular session courses.

Tuition fees are \$50 per course, plus a \$5 registra-tion fee and a \$5 laboratory fee for any science course. The summer program will be self supporting. If there are not enough students who want to take a course to make it operate without a loss, then the course will not be given.

Approval for the summer school was given by the New-ton School Committee Monlay evening, despite the fact Mayor Donald L. Gibbs twice cast the lone dissenting vote. The office of the mayor only gave Gibbs a single vote on the School Committee, and not a veto over the committee's actions.

An amendment proposed by Mayor Gibbs to restrict the summer school to Newton residents was defeated by a vote of 7 to 1. Manuel Beckwith pointed out that "the students who come from outside the city are the ones whose contributions make it possible for Newton students to continue their education."

Mayor Gibbs commented or the Junior College catalog and remarked "I think you are rubber stamping an action you have taken already."

"That's for the nursing school," explained N. J. C. Director Walter Taylor, who was present for the discussion.

Thanks From Taxpayers' Assn.

Editor, Newton Graphic:

The directors and staff of the Newton Taxpayers' Asso-ciation wish to extend their thanks and appreciation through your columns to the members and friends of the association who helped toward reducing the proposed \$10 increase in Newton's tax limit. We also wish especially to thank the eight Aldermen who voted to hold the increase to \$2.00.

We are gratified that the Board of Aldermen as a whole did not allow the limit to rise above the heretofore normal \$5 increase rate.

urban redevelopment."

An expression of appreciation and thanks to members and friends of the Newton the profit allowable to Urban Taxpayers' Association who helped toward reducing the proposed increase in Newton's tax limit from \$10 to \$5 was tendered by the Association's directors at their meeting last Wednesday. Also specially thanked were the eight Alder-men who voted to hold the increase to \$2.

The development of public safety officers in Newton, a requirement for minimum parking areas around any new commercial construction, and a redrafting of the Urban Redevelopment Corporation law to raise the profit limit except in Boston projects

were approved.
"The article in 'Suburbia' Today', a monthly insert in the NEWTON GRAPHIC, awakened our interest in the public safety officer," said Lorenz F. Muther, Jr., Association executive.

"Such officers perform duties both as regular policemen and regular firemen in varying degrees, provide a more efficient use of a city's protective forces and thereby create a reasonable basis for higher pay scales for those men.

"It is generally believed that cities and towns in Massachusetts cannot create these positions without an act of the state legislature and hereto-fore it has been felt that there was insufficient interest to support such legislation successfully against the probable opposition of established police and fire groups," Muther continued.

"However we will now find necessary and if so, draft it for the 1961 legislative session, Meantime we will explore the effect such a proposal might have on existing protective de-partments", he said. The techniques of both these forces have changed substantially over the past thirty years. "A change in Business A

and B zone ordinances to reqire adequate parking around new commercial construction would just plug a self-evident hole in the city's present zoning", Muther stated.

# WHY SHOULD I SAVE LOCALLY?

I'd rather have my hard-earned dollars in a bank where I know the men who run it. My money at Newton Savings is available when I need it, if I need it . . . all the while, it's earning steady dividends. It makes good sense to me to bank locally. How about you?

#### **Planning Panel** At Unitarian Church Thursday

The First Unitarian Church Parish hall at 1326 Washington street, West Newton, will be the scene of a panel discussion "Metropolitan Planning, Newton and Mr. Citizen" next Thursday (May 5) at 8 p.m.

Panelists will be Mrs. Freyda Koplow, state legislator, and Robert Davidson of the Boston College Seminar Research Bureau. Serving as moderator will be Joseph Skinner, president of Walter Channing, Inc.

Following the introduction of the concept of regional planning, its historical aspects and the extent to which cities and towns now participate in cooperative planning, the pan-el will discuss the objectives of pending legislation dealing with regional planning and the issues involved.

A question period following the main discussion will pro-vide members of the audience with an opportunity to raise further questions dealing with this timely local topic.

The panelists have been active professionally in the field of regional planning for sevyears. Mrs. Koplow, a member of the House of Representatives since 1954, is a member of the Committee on Cities and is clerk of the Recess Committee on Metropolitan Planning. She is a consultant to the Metropolitan Planning Conference. Davidson, a professional in the planning field at the Boston College Seminar Research Bureau, is also a member of the Newton Planning Board.

The public is invited to attend this final forum of the elect, Mrs. Elmer W. Hefferseason on public affairs of-fered by the Committee on Public Affairs of the Couples Club of the First Unitarian Church as a public service. Admission is free.

THE WHITE HOUSE WATIONAL YOUTH FITNESS WEEK, 1960 BY THE PRESIDENT

OF THE UNITED STATES OF AMERICA A PROCLAMATION WHEREAS the fitness of our young people is essential to the strength and progress of our Nation; and WHEREAS we must always strive to improve the well-being of our youth by determined and coordinated efforts in their areas of learning, work, play and matters

of the spirit; and WHEREAS, in this challenging world, fraught with peril on every side, it is imperative that our young people recognize their obligations to themselves, to their families, and to all of us, in order to prepare themselves for lives

of satisfying and useful citizenship; and
WHEREAS the President's Council on Youth Fitness has recommended that the week beginning May 1, 1960, be designated as National Youth Fitness Week:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby proclaim the week beginning May 1, 1960, as National Youth Fitness Week

I request officials of the Government, and I urge parents, young people, and interested national and local or-ganizations, to use all appropriate means now and during that week to promote programs and activities demonstrat-ing the importance of youth fitness to the end that we may assure the continuing srength and well-being of our

### Mayor Commends Bank

Mayor Donald L. Gibbs of Newton commended the officers and trustees of the West Newton Savings Bank in his message of congratulation. The mayor included in his remarks a reference to the importance of the 73-year-old bank's position in the West Newton shopping area, and noted that the enlarged parking area and Friday evening hours were typical of the institution's efforts to improve customer conveniences.

Mayor Gibbs concluded by saying: "The officers and trustees of the West Newton Savings Bank are to be commended and congratulated for the outstanding work that has been done to beautify the bank and make it more attractive for all the citizens of Newton. I would like to express the appreciation of the people of this community for the 73 years of service the West Newton Savings Rank." Newton Savings Bank has given to the City of Newton."

WITH NEW FEATURES The first moment you enter the West Newton Saving Bank's main entrance you become acquainted with a welcome innovation. Its extended steps are projected for easier approach and are complete with special snow-melting equipment for year 'round safety. This completed front is over 140 feet long, and the marquee over the Washington Street entrance highlights the modern effect by day while it serves as a lighting platform that softly illuminates the

center window by night.
The Newton Savings Bank was one of the first local banks with its own parking space which has been increased with this latest plan. In addition, a separate new customers' entrance as well as an em-ployees' entrance have been added in the rear.

INTERIORS ACCENT
CONTEMPORARY THEME
The interior has been redesigned to allow greater space for customer interviews and various services. Huge dome lights diffuse the lighting to provide a constant illumina-tion level throughout. Broad-loom rugs, tile and casement drapes in parchment and apricot shades give a soft, pleasant welcome to the visitor while the contemporary lines of walnut desks and furniture retain the warm atmosphere for which the bank has been

so well known.
Philippine mahogany panels and contemporary color selec-tions blend with striking ef-fect to give the interior a coordinated, new look.

At the time of Dean's trasic death in an auto crash, the picture "Giant" had been completed except for a few sound tracks that had been impossible to record at the time of shooting. A voice was needed for Jimmy's climactic sequence. The director remembered Adams' impersonation of his friend, and asked Nick if he would "dub" Jimmy's biggest scene. Sworn to secreey, Nick obliged. So, unknown to the millions who saw the film, it was Nick Adams' voice that was heard in Dean's attring banquet scene in "Giant." Another Hollywood secret that can now be told.

DR. ALBERT GORDON

#### Dr. Gordon To Be Speaker At Northeastern

A noted Jewish author, theologian, and labor arbitrator, Dr. Albert I. Gordon, Rabbi of Temple Emanuel, Newton, will appear as guest speaker in Northeastern University's inter-faith Bacon Memorial Chapel next Wednesday, May 4, at 8:20 a.m.

Throughout the year the university invites outstanding rabbis, ministers, priests, and other outstanding religious leaders to appear at the weekly non-sectarian chapel services. All students are invited to attend, but attendance is not required.

In addition to his responsibilities at Temple Emanuel, Rabbi Gordon is a lecturer in Judaism at the Andover-Newton Theological Seminary. Ordained at the Jewish Theolo-gical Seminary of America, Rabbi Gordon holds his bachelor of arts degree from New York University, and his master of arts and doctor of philosophy degrees from the Uni-

versity of Minnesota.

A noted author in the field Jewish social studies, he is the author of four books, "Jew in Transition," "Bride and Groom," "In Times of Sorrow," and most recently, "Jews in Suburbia."

Miss Arleen Wilson of Newton, president of the Sopho-more Class at Lesley College in Cambridge, has been placed on the Dean's List.

The race for the post of Democratic State Committeewoman saw Mrs. Betty Taymor, present committeewoman, running far ahead of former Democratic State Committeewomen Helen Moran Arata in Newton. Both Mrs. Taymor and Mrs. Arata are from this city.

The Newton returns have Mrs. Taymor 813 votes and Mrs. Arata 304, while Mrs. Margaraet A. Dolan of Brigh-

Senator Leverett Saltonstall, who is expected to battle Governor Furcolo in next Novem ber's election, was the high vote-getter in Newton. While he was a member of the official and unopposed slate of delegates-at-large to

the Republican national convention and his vote was a complimentary one, his total of 1880 was, nevertheless, an impressive one. UN Ambassador Lodge, like Saltonstall unopposed for elec-

tion as delegate-at-large to the Newton, rolling up a total of Former Governor's Councillor Christian A. Herter, Jr. of Newton and Congressman Laurence Curtis, unopposed for election as district delegates, also re-

ceived big complimentary vote totals in the Garden City, Herter drawing 1824 and Curtis 1788. Representative Irene K. Thresher of Newton, a member of the slate of alternates to the GOP national convention, was a big favorite with the voters in her home city. She polled 1724 votes in New
